The Wilson Nurseries

The Home of Good Nursery Stock

Entrance to Wilson Nurseries

Again We Say Thank You

The amount of business received during the past spring was the greatest in our experience of thirty-three years. SIXTY-NINE per cent of the orders received came from old customers, many of whom sent us repeat orders during that time. **QUALITY, TRUE to NAME STOCK**, produces satisfactory results to the Buyer and likewise to the Seller.

To those unacquainted with us, we suggest a trial order.

We do not claim to be the largest or the smallest nursery, but we do claim to send out hardy, thrifty, fibrous-rooted trees and plants that in every way it would be a pleasure to plant and watch them develop into the purpose they were intended for.

TERMS — HOW TO REMIT

Cash with order, except in large orders when satisfactory reference is given. We will ship trees and plants C.O.D., if 25 % of the total amount of your order is sent in cash. The balance to be collected on delivery of stock.

Remittances should be made by check, post office money order, express money order, draft on New York bank, or registered letter.

References. Dun-Bradstreet Commercial Agency, Buffalo, N. Y.; Niagara County National Bank & Trust Co., Lockport, N. Y.; Newfane State Bank, Newfane, N. Y.; any business house in Wilson, N. Y.

Early
McIntosh

McIntosh
(Solid Red Strain)

Summer Varieties

Early Harvest. Pale yellow, fine flavor. Late July.

Early McIntosh. A handsome new early red apple of exceptionally fine flavor and high quality. Trees are vigorous, hardy, healthy, productive and bear annually. Ripens in August. A splendid selling apple for roadside trade. Early money.

Red Astrachan. Fruit large, crimson, juicy. July and August.

Sweet Bough. Large, pale yellow; sweet and juicy. August.

Yellow Transparent. Medium size, yellow, sub-acid. August.

Autumn Varieties

Duchess of Oldenburg. Medium size; red striped; juicy. August.

Fall Pippin. Large, yellow, tender, juicy and rich. September.

McIntosh Red. (Solid Red Strain). A very attractive red apple of the highest quality. Hardy, bears young and annually. A leading, profitable, commercial sort for New York and New England. Productive. October to January.

Maiden's Blush. Large, pale yellow with red cheek. September.

Pound Sweet. Large, round, yellow-russet. October.

Red Gravenstein. This red sport is more attractive than Gravenstein. It differs from it only in the solid dark red colored fruits.

Winter Varieties

Baldwin. Large, strong, vigorous tree; produces an abundance of large apples of a bright red color, with yellowish, crisp, tender, very juicy flesh. Nov. to April.

Cortland. "The most promising of the tree-fruits that have originated at this station," says the New York State Experiment Station. Resembles the popular McIntosh, but fruits are larger, brighter in color, of richer flavor, and the flesh is firmer, more juicy and keeps better. Largely used as an excellent pollenizer for McIntosh and other varieties.

Nursery Stock

Winter Varieties—Continued

Delicious. Fruit large, nearly covered with brilliant dark red. Flesh fine grained, crisp, of highest quality. A splendid keeper and shipper. Nov. to April.

Double Red Delicious. For description and price, see page 12.

Fameuse. Medium size; deep crimson, flesh white. October to December.

Gallia Beauty. A new red sport identical with Rome Beauty, except that fruit is solid red in color.

Golden Russet. Medium size, clear golden russet with slight flush; juicy, high flavored. November to April.

Grimes Golden. Medium to large size, skin golden yellow, sprinkled with gray dots; flesh crisp, tender, juicy, sprightly. December to April.

Jonathan. Fruit red, highly flavored. Tree productive and early bearer. November to January.

King. Flesh yellow, crisp, tender, juicy, sub-acid. Skin yellow, mottled with orange-red. October to January.

Northern Spy. A hardy, large, red apple. Flesh juicy, rich, crisp, tender. Tree healthy, strong grower, rugged. December to March.

Red Spy. A splendid bright red Spy, without stripes or splashes. It has been recommended by the N. Y. State Fruit Testing Co-operative Association. December to March.

R. I. Greening. Large, flesh yellowish, firm, fine grained, crisp, tender, juicy, slightly sub-acid, very good. Skin yellow. Keeps until April, ripens in December.

Rome Beauty. Large, round, mottled and striped red. Flavor and quality excellent. December to March.

Red Rome. Solid red without stripes. All of the qualities of Rome Beauty. December to March.

Sweet Delicious. One of the best winter sweets. Large and attractive in size, color, and shape. Recommended for a dessert and baking variety. December-April.

Stayman's Winesap. Medium to large, green and yellow. Flesh yellow. Bears young and annually. December to April.

Tolman Sweet. Yellow, flesh white, rich. November to April.

Twenty Ounce. Very large, yellow striped red; fine quality; good keeper. October to January.

Wagener. Fruit medium, tender, firm and juicy. Bright pinkish red. December to May.

Wealthy. Large, roundish; skin smooth, oily, covered with a dark red. Flesh white, tender and juicy. October to January.

PLUMS and PRUNES

Strong Rooted 2-Year Selected Specimens

PRICES OF ALL VARIETIES OF PLUM TREES

| | 1-4 Each | 5-24 Each | 25 & Up Each |
|--|-------------|--------------|-----------------|
| First Class, large size, 2-year, No. 1 Grade, 5 to 7 ft., $\frac{3}{4}$ in. up | \$1.50 | \$1.25 | \$1.00 |
| First Class, medium size, 2-year, 4 to 5 ft., $\frac{5}{8}$ to $\frac{3}{4}$ in. | 1.25 | 1.00 | .90 |

Plums of European Type

Bradshaw. A very large, oval, dark violet-red; juicy, sweet and good; a valuable market variety. Tree very vigorous, erect and productive. Middle of August.

Fellenberg (Prune). A fine late plum; oval, purple; flesh juicy and delicious; parts from the stone; fine for drying. Tree very productive. September.

German Prune. Fruit long, oval, purple with thick bloom. Flesh firm, sweet and delicious. Excellent commercial sort. September. Freestone.

Grand Duke. Large, dark violet-red. Last of September.

Imperial Gage. Large, greenish yellow. Very productive. August.

Lombard. Medium, dark red. Hardy. August.

Monarch. Very large, bluish purple. Bears young. September.

Reine Claude (Bavay's Green Gage). Large, pale yellow marked with red. Fine quality. Middle of September.

Shipper's Pride. Large, dark purple. Excellent for canning. September.

Shropshire Damson. A delicious little plum much esteemed for canning. Dark purple. Enormously productive. October.

Stanley Prune. Introduced by the N. Y. State Experimental Station, and is becoming a valuable commercial variety. Large, dark blue with thick bloom. Flesh greenish yellow, juicy, and sweet. Bears annually. Midseason.

Yellow Egg. Golden yellow covered with thick bloom. Very productive. September.

York State Prune. One of the largest and best. Dark blue, with purple bloom. Delicious. Last week in September. Freestone.

Oriental Varieties

Abundance (Botan). Beautiful lemon-yellow ground, nearly overspread with bright cherry and with a heavy bloom; large to very large, oblong, tapering to the point. Flesh orange-yellow.

Burbank. Large and beautiful, clear cherry-red with a thin lilac bloom; flesh a deep yellow, very sweet with a peculiar and very agreeable flavor. Ripens later than the Abundance; end of August.

Red June. An early ripening plum; medium to large; roundish, conical, purplish red, handsome; flesh yellow, quality good.

Wickson. A sturdy, upright grower; fruit remarkably handsome, deep maroon-red, covered with white bloom; stone small; flesh fine texture, firm, juicy and delicious; excellent keeper and shipper.

Our Nurseries are Government Inspected. Buyers are protected by receiving Certified, Government Inspected Nursery Stock. Certificate of Inspection accompanies every shipment.

Sweet Cherries

Heart and Bigarreau

Bing. One of the most delicious sweet cherries. Fruit is large, black, and of very fine quality.

Black Tartarian. Very large, bright purplish black; half tender, juicy, very rich, excellent flavor; productive. Free. First or middle of July.

Governor Wood. Large, yellow marbled with light red. Sweet and rich. Productive. June.

Lambert. Very large, purplish red. Firm and rich. Very productive. Late July.

Napoleon (Royal Ann). Large, pale yellow with bright red cheek. July.

Schmidt's Bigarreau. Very large, deep mahogany color. Very juicy. July.

Windsor. Large, very dark red, firm and rich. July.

Yellow Spanish. Pale yellow with bright red cheek. Productive. June.

Trees on Mazzard roots, 10c per tree additional.

Sour Cherries

Early Richmond. Medium size; dark red; melting, juicy, sprightly, acid flavor. This is unsurpassed for cooking purposes, and is exceedingly productive. Free. June.

English Morello. Medium to large; blackish red; acid, juicy and good; very productive. August.

Montmorency. A large red, acid cherry, larger than Early Richmond and fully 10 days later. Very profitable. Last of June. The leading commercial variety, and the best canning cherry.

Trees on Mazzard roots, 10c per tree additional.

Orange
Quince

cheek; firm, juicy, with a rich flavor; productive. August.

QUINCES

The quince is highly valued for preserves, marmalades, jellies and flavoring purposes, and is worthy of more extensive planting.

Large size, 4-5 ft., \$1.25 each.

Champion. Fruit very large; flesh cooks tender. Tree vigorous; bears young; season two weeks later than the Orange; keeps until January.

Orange. Fruit large, round, with a short neck; color bright yellow; flesh firm and tough until cooked, when it becomes tender, juicy and of excellent flavor.

Windsor

NUT TREES

Black Walnut. Grows from 40 to 60 feet high. Large crops of nuts with rough hard shell containing rich, oily kernels of fine flavor. Trees 4 to 5 ft. high. \$1.75 each.

Butternut. Large longish nuts with sweet, oily, nutritious kernels. Trees 4 to 5 ft. \$2.00 each.

English Walnut. A fine lofty growing tree, producing large crops of thin shelled delicious nuts. Trees 3 to 4 ft. high. \$3.50 each.

APRICOTS

Beautiful and delicious fruit. In quality and appearance is between the plum and peach, combining qualities of both. Ripening early, together with its delightful flavor, makes it one of the most valuable fruits for the garden.

PRICES OF ALL VARIETIES OF APRICOT TREES

| | Each | 10 |
|--|--------|---------|
| Largest size, 1-year, 4 to 5 ft., 9/16 and up, XXX | \$1.25 | \$10.00 |

Alexander. Fruit yellow, flecked with red, very beautiful and delicious. July.

Alexis. Very hardy; an abundant bearer; yellow, with red cheek; large; slightly acid, rich and luscious.

Budd. Medium to large; light orange with blush on sunny side; flesh sweet, juicy, with flavor of the peach; hardy and productive.

Royal. Hardy and abundant bearer; yellow, with red cheek; large; slightly acid, rich and luscious. July.

Moorpark. One of the largest. Orange-red

Anjou. Large, green to yellowish in color.
Excellent quality. Hardy and productive.
October to January.

Bartlett. Justly the leading commercial pear.
Large, golden yellow with reddish blush.
Tender, melting and juicy. September.

Beurre Bosc. Very large, gourd-shaped pear,
brownish yellow in color. Delicious flavor.
Very productive. October.

Clapp's Favorite. Large, pale lemon-yellow
with brown dots. Rich and sweet. Early
August.

Duchesse d'Angouleme. Very large, greenish
yellow, russeted. Early bearer and very
productive. October to November.

Flemish Beauty. Large, russeted pale yellow.
Exceptionally good quality. September and
October.

Gorham. Yellow, large, very good quality,
Bartlett type and flavor, ripens from two to
three weeks later, excellent for canning;
tree vigorous, productive, promising to ex-
tend the Bartlett season. Introduced by the
New York Experiment Station.

Kieffer. Very large, yellow with vermilion
cheek. Should have Garber or Le Conte
planted with it as cross pollinizer. Very
vigorous and productive. October to No-
vember.

Seckel. Very delicious and of excellent qual-
ity. Yellowish brown with red cheek. But-
tery and spicy. Very productive. August
to October.

Sheldon. Large, round, russet and red pear.
Very rich and delicious. October.

Vermont Beauty. Medium, yellow shaded
with carmine. Good cropper. October.

Worden Seckel. Larger than Seckel. Yellow-
ish brown with red cheek. Excellent qual-
ity. Bears early and is very productive.
September to October.

PEACHES

For QUICK PROFITS, Plant Northern Grown PEACHES — THEY GROW FAST AND PRODUCE BIG CROPS

PRICES OF ALL VARIETIES OF PEACH TREES

| | 1-4 Each | 5-24 Each | 25 & Up Each |
|---|-------------|--------------|-----------------|
| First Class, large size, No. 1 Grade, 4 to 6 ft. | 75c | 60c | 50c |
| First Class, medium size, 3 to 4 ft. | 60c | 50c | 40c |
| First Class, smaller size, 2 to 3 ft. | 40c | 35c | 30c |

The most universally planted fruit for home use. Peach trees are being planted profitably as fillers in apple orchards, for they make ground space that is practically idle, pay well until the apples come into bearing. Peach trees will thrive wherever corn or potatoes can be raised. In planting, prune the tops to a clean whip, and each succeeding year prune the shoots of last year's growth.

Belle of Georgia. Large, white with red cheek. July. Free.

Carman. Large, creamy white with deep blush; skin tough, flesh tender, fine flavor and quite juicy. August.

Champion. An extremely large, handsome early variety, creamy white with red cheek, sweet, rich and juicy. August.

Crawford, Early. A large yellow quality peach. September.

Crawford, Late. A superb, large yellow peach. Late September.

Elberta. Large, oval, yellow with red cheek; flesh yellow, firm, juicy and of high quality. Leading peach in all sections. Early September. Free.

Golden Jubilee. Extremely attractive. Has proven its leadership as one of the greatest peaches of its season and ranks first in profits to the grower of early yellow peaches. A great peach wherever it is grown. Large, early yellow peach of Elberta type. Ripens three weeks earlier. Skin yellow blushed red; flesh yellow, juicy, sweet. Free.

Hale-Haven. Large, new yellow Freestone. Its high color even before complete ripening gives it great market value because of the advantage of premature picking, packing and shipping without loss. Hardy and productive. Ripens two weeks before Elberta.

Hale, J. H. Large, beautiful golden yellow with deep carmine blush. Heavy bearer when planting with it South Haven or Rochester for pollen. Late August. Free.

Oriole. Fruit medium to large, yellow; one week ahead of Rochester. Notable as an early peach of high quality. Free.

Rochester. Fruit large, yellow, with attractive red blush; juicy and delicious. An annual and prolific bearer. Mid-August. Free.

South Haven. Exceptionally prolific; deep golden yellow with attractive crimson cheek. Flesh, yellow, juicy, and delicious. Excellent for canning, or home use.

Valiant. Large, roundish oblate fruit, blushed with an appetizing red, meets with instant favor. Its juicy flesh is blessed with a rich delightful flavor. Ripens around the first of September, about three weeks later than the Golden Jubilee, just at the time when peaches are in the biggest demand and sell at highest market prices.

Vedette. From Elberta seed; large, yellow fleshed freestone, superior to Elberta in quality and color. Early September.

Veteran. Cross between Vaughan and Early Elberta; large, yellow flesh, superior to Elberta in quality; ripens about September 1st. Free.

Golden Jubilee Peach. Early August

Recent Introductions of New Fruits

Surpassing in **QUALITY** and **PRODUCTION**
Varieties for Your **VICTORY**

GOLDEN MUSCAT

The Grape DeLuxe

**Big Meaty Fruits—with the
California-European Flavor**

For years experimental breeding has been carried on to produce a grape similar in quality and texture to the white California grape, sold at our fruit markets. At last, these experiments have been successful. Today we have the Golden Muscat which approaches these desirable qualities of the European grape nearer than any other hardy sort. The berries are large and meaty, have very few seeds, excellent flavor—a new type for home use, introduced by the New York State Fruit Testing Association.

Prices: 2-yr., No. 1 grade, \$1.00 each; 3 for \$2.50

One of Our Super-red Strain
Apples, Double Red Delicious

DELICIOUS APPLE

The Famous 5-Knobbed Variety

We sing the praises of this wonderful all-red variety, because of its unusual "appetite appeal." Not only is it an excellent variety for the commercial grower but also finds much popularity with the home grower. Delicious is fine grained, crisp, juicy and delightfully aromatic. Excellent quality, a good keeper and shipper.

Prices: 2-yr., 5-7 ft., cal. $\frac{3}{4}$ in. and up, \$1.25 each; 10 for \$10.00. 5 at 10 rate.

STANLEY PRUNE

Introduced by New York State Experimental Station. Large, prune shape, dark blue, becoming bluish black. Flesh greenish-yellow, juicy, fine grained, sweet; midseason.

Prices: 2-yr., 5-7 ft., $\frac{3}{4}$ in. cal. and up, \$1.50 each; 10 for \$12.50; 5 at 10 rate. 2-yr., medium size, \$1.25 each; 10 for \$10.00.

VICTORY FARM GARDEN

GORHAM PEAR

Highly recommended by N. Y. State Fruit Testing Ass'n. For description, see page 9.

MILTON APPLE

A very handsome new apple of the McIntosh type. Fruit a beautiful pinkish red with tender, crisp, white flesh of excellent flavor. Trees hardy and vigorous. Ripens a month ahead of McIntosh. 2-yr., No. 1 grade, \$1.25 each.

Fredonia

GRAPES — the Unequalled Trio

Three new outstanding varieties originated at New York State Experimental Station, Geneva. Early, luscious, productive, filling a long felt want for home and commercial purposes.

Portland. A new white and earliest of all grapes. Large bunch and berry; flesh sweet, juicy and of fine flavor. A valuable early grape for home gardens and already holds first place as the best early market variety. 50c each.

Fredonia. The best early black grape now grown. Berries large, juicy and sweet, borne in large, compact clusters. The fruit is covered with a blue bloom which renders the bunches very attractive. Earlier than either Moore's Early or Champion. 50c each.

Ontario. Another new white grape. It is a seedling of Diamond crossed with Green Mountain and follows Portland very closely in ripening. An excellent blending of acid and sugar, hence the taste is sprightly and yet sweet. Vine a strong vigorous grower and very productive. Especially recommended for home use. 50c each.

Special: 3 for \$1.25; 2-Year, No. 1 Grade.

Red Lake Currant

Currants

PRICE OF ALL VARIETIES OF
CURRANT BUSHES EXCEPT
PERFECTION AND RED LAKE

Extra Size, 2-Year, Strong Bushes:
25c each; 10 for \$2.00.

Cherry. (Red.) Very large; deep red;
rather acid; bunches short.

Fay's Prolific. (Red.) Of large size, fine
flavor and twice as prolific as the
Cherry.

Perfection. (New.) Color bright red.
Larger than Fay and Cherry. Very
productive. Quality fine. Not as acid
as Fay. 35c each; 10 for \$3.00.

Red Lake

The new giant red currant. The berries
are a pleasure to pick, being large,
dark red in color, and on long, well filled
branches. Very hardy. Ripens over a
long season. 2-yr., No. 1 plants: 40c
each; 10 for \$3.50.

Boysenberry

RHUBARB

RUBY RED

Another new red rhubarb introduced from Canada.
The stalks are intensely red as the name implies—even
the inside of the stalk is red. Rhubarb sauce made from
Ruby is as red as strawberry sauce. The skin is so tender
it can be cooked with the stalk. Both Ruby and
MacDonald are money-makers on the market because
they sell on sight at a premium over common rhubarb.
Large roots, No. 1, 75c each; 3 for \$2.00.

CANADA RED

A brand new rhubarb
imported from Canada.
Stems dark red clear to
heart and up in the leaf.
Produces the sweetest and
finest flavored, most beautiful
red sauce. Stock limited.
Strong divisions, \$1.00
each.

MacDONALD RED

Excellent quality, sweeter
than common rhubarb and
requiring less sugar. 60c
each; 10 for \$5.00.

New Thornless Boysenberry

Canes smooth as velvet. Ripens 10 days to two weeks
earlier than the common Boysenberry. The thornless
strain has retained all the good characteristics of its
parent including its rugged, thrifty growth. It's a
pleasure to pick these large berries, without a chance of
scratching your hands. 2-yr. plants, 50c each; 3 for
\$1.25; 10 for \$3.50; 25 for \$6.00.

MacDonald Rhubarb

*Nyack, N. Y.
May 5, 1943*

Dear Sirs:

in fine shape. Very
much pleased with your
excellent service and attention.*

Thanks a lot.

*Very truly yours,
W. N. TERPENNING*

GOOSEBERRIES

FINE FOR PIES—EASY TO GROW—
VERY PRODUCTIVE

Downing. Medium to large, pale green. Quality good. Upright productive bush. Midseason. The most widely grown variety.

Josselyn. Marvelously productive. Large size, dark red.

PRICES OF GOOSEBERRIES

2-year, extra fine: 25c each;
\$2.00 per 10; \$8.00 per 50.

ASPARAGUS

Mary Washington

The Outstanding
Variety

This is, without doubt, the best variety grown at this time. It is a very strong grower, stock of giant size, green color, rich and tender. In addition to being very productive, it is rust resistant and a bed will last for years. Extra strong, 2-year, 25 for \$1.00; 100 for \$3.00.

Mary Washington

Alfred Blackberries

BLACKBERRIES

PRICES OF No. 1 STRONG PLANTS,
BEST SELECTED VARIETIES
25 for \$2.50; 100 for \$8.00

Alfred. Mammoth new blackberry, practically coreless, highest quality. Large jet black berries. Exceedingly productive. A top-notch for blackberry pie or jam.

Eldorado. Largest hardy blackberry; free from rust. Berries large, jet black, borne in clusters: sweet, melting, no hard core.

STRAWBERRIES

The following two recent introductions of the U. S. Department of Agriculture, Dorsett and Fairfax, are considered by most Strawberry growers as superior to other standard varieties both for home and commercial use.

Prices: 100 plants, \$2.00; 500 plants, \$9.00; 1000 plants, \$15.00

Dorsett. An extra early self-pollinating offspring of Premier. Does well on poor soil. Berries large, evenly matured, light bright red. Excellent for market or home use.

Fairfax. Another excellent new variety, ripening early, about the same time as Premier. Very vigorous and a fine plant maker.

Premier. An early, productive variety of unsurpassed quality.

Catskill. Plants large, very vigorous, yield very heavy crops. Berries very large, slightly irregular in shape, moderately firm, dark red, but glossy and attractive, mild subacid and good quality.

BLUEBERRIES

Cabot. Early. Fruit large, slightly acid, excellent quality.

Concord. Midseason. Large berries, high quality when fully ripe.

Strong, 3-year transplants:

12 to 18 in., \$1.50 each; 6 for \$1.30 each;
10 for \$1.00 each.

Plant at least two varieties for proper pollenization.

Everbearing

Prices: 25 for \$1.50; 50 for \$2.50; 100 for \$4.00

Gem. Very hardy, plants freely. Berry is dark red, large, sweetish tart flavor. Plants medium in size and immune to disease.

Mastodon. Without question the finest of the fall or everbearing varieties. It produces an immense crop in June and an abundant crop in the fall. Most prolific of all the fall varieties.

Strawberry Plants Sent by Parcel Post or Express.

300 or over at 1000 rates

Chief. The finest early red raspberry for general planting. Large, firm and a very heavy yielder. Ripens 10 days before Latham.

Indian Summer. New everbearing red raspberry. Berries large, conical, much superior in quality and size to any of this type. \$3.00 per 25; \$9.00 per 100.

Latham. Large, round, firm, brilliant red. Most profitable commercial variety. Hardy, very prolific, an excellent shipper and a perfect variety for canning. Early. Ripens evenly over a very long season.

Marcy. This variety was offered for the first time in 1936. The berries, the largest of any variety in the Station collection. The plants are tall, vigorous, healthy and hardy. Worth trying for market and home use, being especially noteworthy for the very large berries, vigor and productiveness of the plants.

Newburgh. A new variety of excellent color and quality. Very large and firm. Fine keeper and shipper. Vigorous, hardy and very productive. Three or four days earlier than Cuthbert.

Yalor. A new red raspberry introduced by the New York State Experimental Station. Plants are vigorous, hardy and productive. Long, conical shape, firm, thick flesh. Excellent quality, ripens just before Latham.

New Logan
Blackcap

Latham

PURPLE RASPBERRIES

Columbian. A fine commercial sort. Vigorous, very productive, excellent canner. Fruit large, purple, firm. Midseason.

Sodus. New purple raspberry from New York Experimental Station. Fruit is large, firm, medium purple color, and does not crumble. Plants hardy and very productive. \$3.00 per 25; \$9.00 per 100.

BLACKCAP RASPBERRIES

Cumberland. Large, glossy black, firm, of excellent quality. Hardy and productive. Early to midseason.

Plum Farmer. One of the best commercial sorts. Berries large, thick-meated, firm. Very productive. Early midseason.

New Logan. Most dependable black raspberry. Highest prices on early market. It ripens one week earlier than Cumberland, heavy yielder and the glossy black berries are as large as that variety. It holds well through drought and the last picking has always proven as fresh as the early picking. **Strong tip plants, \$3.00 for 25; \$9.00 per 100.**

Dear Sirs:

Marlboro, N. Y.
May 2, 1943

We received the 1000 berry plants in good order, and were surprised at the good and strong plants you sent us.

Sincerely,

F. BECK

HARDY CLIMBING VINES

Beautiful for Softening Bare Walls, Fences and Trellises

Clematis Paniculata

**STRONG, THRIFTY, WELL-ROOTED,
2-YEAR-OLD VINES**

Chinese Purple Wisteria. A very beautiful, popular species, with racemes of pale lilac flowers borne in great profusion in May. An exceedingly graceful climber for training on porches or arbors. The stems grow quite large, climb high and twine tightly. Their growth is very rapid. **75c each.**

Chinese Matrimony Vine. Vigorous and hardy climber, flowers bright purple, succeeded by scarlet berries, nearly 1 inch long. Excellent for trellises. **50c each.**

Ampelopsis Veitchi (Boston Ivy). For covering buildings of brick and stone; clings tightly to the smoothest surface. Bright green leaves, changing to brilliant colorings in fall. **40c each.**

Clematis Henryi. Single; the finest white clematis; very large, fine flowers; grows rapidly; blooms freely during summer and autumn. **75c each.**

Clematis Jackmani. Single. Very large; deep purple; forms a perfect mass of richest bloom. **75c each.**

Clematis Paniculata (Sweet-Scented Japan Clematis). The flowers are of medium size, fragrant, pure white, borne in immense sheets in September, when very few other vines are in bloom. **40c each.**

Dutchman's Pipe (Birthwort). Large, heart-shaped leaves and quaint, pipe-shaped green flowers. **75c each.**

Hall's Japan Honeysuckle. Flowers white, bloom from July until winter. Fine climber. **25c each.**

Trumpet Vine (Bignonia Radicans). A robust, woody vine. Its orange-scarlet, trumpet-shaped flowers cluster at the tips of the branches. **75c each.**

Mme. Edouard Andre Clematis. The flowers are distinct crimson-red. **75c each.**

Climbing and Rambler ROSES

ROSES "THE QUEEN OF THE GARDEN"

PRICE: 2-Year, No. 1 Bushes, 50c each; 3 for \$1.40

Climbing American Beauty. Rich carmine-pink, the large, finely shaped flowers being borne singly or in threes. Rambler type.

Crimson Rambler. Vigorous, hardy and extremely prolific. It blooms in clusters of a beautiful crimson color and lasts a long time.

Dorothy Perkins. Beautiful shell-pink. Flowers double, large, usually 2 inches across and borne in loose clusters.

Dr. W. Van Fleet. Large flowers of exquisite pale pink on fine, long stems. Extremely vigorous, and has marvelously fine foliage. One of our most popular of all climbers.

Paul's Scarlet Climber. Vivid scarlet, good size, semi-double, freely produced in clusters of from 3 to 20 flowers each, the plants being literally covered from top to bottom with bloom.

We employ the most scientific and up-to-date methods in the operation of our nursery, thereby assuring our customers of choice and superior quality materials.

The Ramblers are very popular for vigor and hardiness, and for their thousands of blooms

Hybrid Tea Roses

The varieties that we offer for sale are strong, thrifty, two-year-old, field-grown, bloomed in the nurseries the past season — the very best that skill and experience can produce.

American Beauty. A very fine dark pink rose shaded with carmine. One of the best.

Betty Uprichard. Semi-double salmon-pink stained with copper-pink on outside. A novelty rose and very popular.

Columbia. A beautiful glowing pink rose. A strong grower and a very free bloomer. Almost thornless. One of the most popular sorts.

Dame Edith Helen. A pure glowing pink rose without any shadings or markings. The most highly perfumed of all pink roses.

E. G. Hill. Beautiful buds on long stems which open into large full, fragrant crimson blooms.

Etoile de France. Clean red to velvety crimson. One of the most charming red roses.

Francis Scott Key. Large extremely double flowers of rich crimson.

Frau Karl Druschki (Snow Queen). Pure snow-white. A continuous bloomer.

General MacArthur. Brilliant crimson-scarlet.

Golden Emblem. Rich deep golden yellow.

Hadley. Velvety crimson.

J. L. Mock. Outside of petals deep pink, inside silvery rose.

Lady Ashtown. Shining pink shading to yellow.

Lady Hillingdon. Deep apricot-yellow.

Los Angeles. Luminous flame-pink, toned coral, shaded translucent gold at base of petals.

Mme. Butterfly. Bright pink, apricot and gold.

Mme. Edouard Herriot. Coral-red, shaded yellow and scarlet.

Miss Lolita Armour. Coral, golden and coppery yellow.

Mrs. Aaron Ward. Yellow, sometimes shaded salmon and rose.

Mrs. John Laing. Very free flowering; commences early and continues to bloom profusely until fall. Delicate pink color. Very fragrant.

Rev. F. Page-Roberts. Marvelously colored rose of golden yellow, stained with carmine.

Red Radiance. Dazzling crimson-scarlet.

Roslyn. Orange buds, full golden yellow flowers.

Sunburst. Light sulphur-yellow. Strong, spreading grower.

Souvenir de Claudius Pernet. New, sunflower-yellow.

Souvenir de Georges Pernet. Brick-red buds opening terra-cotta-pink.

Talisman. Brilliant red and gold buds, opening to well-shaped blooms of scarlet-orange and rich yellow.

How to Plant a Neat Hedge

The Flowering Hedge—

SPIREA VAN HOUTTEI

18 to 24 in., \$2.00 per 10; \$15.00 per 100. 2 to 3 ft., \$3.00 per 10; \$25.00 per 100. 50 at 100 rate.

CALIFORNIA PRIVET

A vigorous growing variety of fine habit, thick, glossy, nearly evergreen leaves. Of all ornamental hedge plants this is the most highly prized. The leaves are a rich green and will remain on the plants up to Christmas, and if they are a little sheltered will keep green almost all winter. Set in single row, 1 foot apart.

Trees for Shade and Ornamental Purposes

THEY BEAUTIFY YOUR HOME GROUNDS

WHAT is more pleasing than a proper planting of Shrubbery, Evergreens and Shade Trees around a home? They beautify and make it more attractive. Have you not noticed the shrubbery and evergreens around the homes of a number of your friends, how they add to the appearance, and how you were attracted to them? An investment of a few dollars will bring about the desired results.

Silver Maple

American Elm. Tall vase shaped. Fine for street planting. 8 to 10 feet. \$2.50 each.

Bechtel's Flowering Crab. Lawn tree. Medium grower. Double rose shaped pink blossoms. 3 to 4 ft., \$1.25 each.

Gold Bark Willow. An upright growing tree with showy golden bark conspicuous during the winter. 6 to 8 ft., \$1.50 each.

Norway Maple. Excellent street and shade tree. Strong, fast grower. 8 to 10 ft., \$3.00 each.

Carolina Poplar. Hardy, fast growing tree with large leaves. 6 to 8 ft., 60c each. 8 to 10 ft., 85c each.

Catalpa Bungei (Umbrella Tree.) Large, heart-shaped leaves making symmetrical umbrella-shaped top. Two-year heads. 6 to 8 ft., \$2.00 each.

Chinese Elm. A very rapid grower with small dense foliage. Resembles Norway Maple in shape. 8 to 10 ft., \$2.50 each. 6 to 8 ft., \$1.50 each.

Cut-Leaved Weeping Birch. Tall, slender, weeping tree. Silvery white bark. 6 to 8 ft., \$2.00 each. 8 to 10 ft., \$3.00 each.

Lombardy Poplar. Tall, fast growing spirelike tree. Fine for marking lanes or boundaries. 8 to 10 ft., \$1.00 each; \$8.50 per 10. 6 to 8 ft., 75c each; \$6.00 per 10.

Mountain Ash. Handsome small tree with clusters of bright red berries. 6 to 8 ft., \$2.00 each.

Silver-Leaved Maple. Large spreading tree. Foliage silvery underneath. 8 to 10 ft., \$1.50 each. 10 to 12 ft., \$2.00 each.

Oriental Plane (European Sycamore). A rapid growing, lofty, wide spreading tree. Very desirable for street planting. 8 to 10 ft., \$2.50 each.

Maple, Schwedler. Reddish purple foliage in early spring, changing to deep bronze in fall. 6 to 8 ft., \$3.00 each.

Maple, Wier's Cut-Leaved. One of the most remarkable and beautiful trees, with cut or dissected foliage. Its growth is rapid, shoots slender and drooping, as graceful as cut-leaved birch. 8 to 10 ft., \$2.50.

Mulberry, Downing. This tree is not alone valuable for the large, refreshing berries it bears, but is very handsome as a lawn or street tree. This should be in every yard or garden. 5 to 7 ft., \$1.00 each.

Mulberry, Russian. Very hardy, vigorous grower, very productive; fruit black and of medium size. 5 to 7 ft., \$1.50 each.

Betchel's Flowering Crab

Thorn, Double Pink. Double pink or rose flowers with white tips. 4 to 5 ft., \$2.00 each.

Thorn, Paul's Double Scarlet. Flowers deep crimson with scarlet shade; very double. 4 to 5 ft., \$1.75 each.

Willow, Babylonica. Our common well-known weeping variety; forms a large round-headed, graceful tree; requires plenty of room, and where space can be spared, is quite desirable. 8 to 10 ft., \$2.00 each.

Rome, New York
January 12, 1943
Gentlemen:
I cannot find the catalog you sent me a year or so ago. If you have one, please send it to me. The shrubs and plants I bought of you two years ago are the best I have ever had.
Respectfully yours,
MARY J. FILLMORE

Berea, Ohio
March 4, 1943
Dear Sirs:
The trees we got last year are beautiful; also the raspberries. Enclosed find order for \$20.05. You can ship any time.
Yours truly,
Mrs. W. J. Larsen

Union, Me.
March 9, 1943
Dear Sirs:
Please send me your catalog. The trees and vines purchased last spring all lived and did fine.
Yours truly,
H. N. Maddocks

Chinese Elm

Charming Effects with **FLOWERING SHRUBS**

Are Quickly Secured and Become More Beautiful with the Years

The planting of shrubs adds greatly to the beauty and value of the home. In the following list of shrubs, you will find sorts that will bloom from early spring until late summer and some of the sorts will follow with ornamental berries until late in the winter.

PRICES OF ALL FLOWERING SHRUBS

(except as noted)

2 to 3 ft. Strong Bushes, 50c each

Almond, Double Pink. Small, double pink flowers borne in abundance in May. 2½ to 3½ ft., 50c each.

Althea, Tree-Form. Double, purple, red, pink. 3 to 4 ft. \$1.00 each.

Altheas, Double. Bloom freely from midsummer until frost. We offer double flowering varieties in purple, red, white and pink.

Butterfly Bush (Buddleia, Ile de France). A new variety of more uniform moderate growth. Violet-purple clusters bloom in great abundance in midsummer. Sweet, fragrant. 4 to 5 feet.

Barberry, Red-Leaved. Foliage rich bronzy red. Brilliant throughout the summer and fall. Scarlet berries remain on the plant the entire winter. Plant in full exposure to sun. 3 ft.

Barberry, Thunbergi. Dwarf habit, very graceful. Foliage turns beautiful red in fall. Red berries remain during winter.

Beauty Bush. This gorgeous shrub has an abundance of pale pink, bell-shaped flowers during June.

Deutzia, Pride of Rochester. Double white flowers tinged with rose in May.

Forsythia (Golden Bell). Branches are literally covered in early spring with golden bell-shaped flowers. The finest early blooming shrub. 6 feet.

Honeysuckle, Tartarian. In May and June it is covered with charming pink flowers, followed by clusters of red berries. Attains a height of 8 feet.

Hydrangea Arborescens (Everblooming Snowball Hydrangea). Beautiful ball-shaped clusters of pure white flowers from July to September.

Hydrangea Arborescens

Hydrangea P. G. Immense cone-shaped clusters of pink and white flowers turning to bronze in autumn.

Japan Quince. Completely covered with dazzling scarlet flowers in May. 18 to 24 in.

Lilac, Purple. An old favorite; purple flowers.

Lilac, White. A well-known favorite.

MOCK ORANGE OR SYRINGA

Coronarius flore-pleno (Garland Syringa). Flowers pure white; highly scented. Double. Grows 6 to 8 feet.

Foliis Aureus (Golden Syringa). Yellow foliage, white flowers. Very sweet-scented. Grows 3 to 5 feet. 40c each.

Lemoinei. Small white flowers. May. Grows 6 to 8 feet.

Virginal. Very large, double white flowers in clusters of five to seven; blooms in June. 5 to 7 feet.

Spiraea Anthony Waterer

Snowberry. Waxy milk-white berries which remain all winter.

Snowball. Globular clusters of white flowers in late May.

Spiraea Anthony Waterer. Dwarf growing. Deep pink blossoms late in June. 18 to 24 inches.

Spiraea Callosa Rosea. Deep rosy blossoms nearly all summer.

Spiraea Prunifolia. Profusion of double white flowers in May.

Spiraea Van Houttei. Sometimes called Bridal Wreath. Masses of pure white blossoms in May and June. 3 to 4 ft., 60c each; \$5.00 per 10. 2 to 3 ft., 30c each.

Syringa, Lemoinei. Creamy white, fragrant flowers in June.

Weigela Candida. Pure white flowers from June to fall.

Weigela, Eva Rathke. Deep scarlet blossoms in June and intermittently all summer.

Weigela Rosea. Dwarf. Green leaves broadly margined with creamy white. Pink flowers.

Blooming Shrubs of Distinction

Forsythia

BEST FRENCH HYBRID LILACS

Unsurpassed for the fragrance and beauty of their flowers—their large trusses are marvels of beauty and elegance.

3 to 4 ft., \$1.50 each; 5 for \$6.00.

ARTHUR WM. PAUL. Double crimson.
CHARLES JOLY. Double reddish purple.
PRES. GREVY. Double blue.
MADAME LÉMOINE. Double pure white.
SOUVENIR DE THIBAUT. Double dark red.

HYDRANGEA P. G.

Popular late summer blooming shrub. The immense cone-shaped blooms are white at first then turn pink and bronze, suitable for winter bouquets. Grows in sun or partial shade and makes a very conspicuous specimen plant. Extra heavy, 2 to 3 ft. bushes, 75c each.

Weigela, Eva Rathke

EVERGREENS • *The Aristocrats of the Lawn*

All evergreens offered in this catalog have been twice or three times transplanted and are guaranteed to be taken up balled and burlapped and shipped in such a careful manner as to insure their safe arrival anywhere in the United States.

The Popular ARBOR-VITAE

AMERICAN ARBOR-VITAE (White Cedar). Soft bright green foliage. Erect, broadly pyramidal habit—a rapid grower. Can be trimmed and kept to any form or height. 2 to 3 ft., **\$2.00 each.**
GLOBE ARBOR-VITAE. A dense, low, natural globe-shaped evergreen, excellent for foundation planting or planting along walks or driveways. 12 to 15 in., **\$1.25 each.**
PYRAMIDAL ARBOR-VITAE. A densely compact pyramidal type with deep green foliage. The most popular columnar type for home beautification. 2 to 3 ft., **\$2.50 each.**

MUGHO PINE

A genuine dwarf pine. Very dense. Assumes a general globular form. Leaves short, stiff, and rich green color. Fine for punctuating walls and driveways, and for foundation planting. 15 to 18 in., **\$2.50 each.**

YEW (Taxus)

CUSPIDATA CAPITATA. The beautiful upright Japanese yew of moderate bushy growth, the upright, spreading branches densely clothed with short leaves of dull green. 1½ to 2 ft., **\$2.50 each.**
CUSPIDATA BREVIFOLIA. Dwarf and compact, with short, richly dark green leaves, dense, bushy habit. Hardy, close set, slow growing; one of the best dwarf evergreens. 12 to 15 in., **\$2.50 each.**

Savin Juniper

Mugho Pine

The Feathery JUNIPERS

PFITZER'S JUNIPER. A striking, low-growing, spreading evergreen, with fine dark green foliage. Fine for foundation and general purpose planting. 18 to 24 in., **\$2.50 each.**
SAVIN JUNIPER. Low growing, very dwarf. Dark green foliage, very desirable. Can be kept trimmed to any desired height. 18 to 24 in., **\$2.50 each.**

The Stately SPRUCES

BLACK HILLS SPRUCE. Hardy, compact and bushy. Foliage green to bluish green. 18 to 24 in., **\$2.00 each**; 2 to 3 ft., **\$3.50 each.**
COLORADO BLUE SPRUCE. One of the showiest and most impressive evergreens. A broad pyramidal shaped tree with beautiful foliage of bright silvery blue color. 2½ to 3 ft., **\$4.00 each.**
NORWAY SPRUCE. The evergreen most commonly used for Christmas trees. Tall, open, pyramidal shaped tree with dark green foliage. Can be kept trimmed to any size or shape. 2 to 3 ft., **\$2.50 each.**
